

NEXT BOND[®]

A  NEKOOSA BRAND

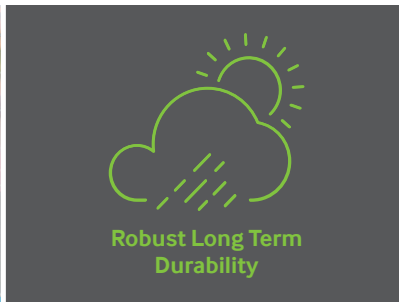

The Future of Long-Term, Outdoor Durable Pressure Sensitive Specialty Print Media

Nekoosa's innovative NextBond[®] durable adhesive is a **robust, cost-effective, and eco-friendly** alternative to traditional solvent-based adhesives for long-term print applications. This groundbreaking adhesive technology ensures **top performance** without compromising quality. NextBond[®] durable adhesive won't shrink and maintains exceptional adhesion strength even when exposed to challenging outdoor environmental and chemical conditions. We've streamlined the production process by curing the adhesive inline with UV lamps and **removing all hazardous solvent waste and harmful VOCs**. These added benefits make NextBond[®] UV-cured adhesive the premier choice for **durable, long-term printed graphics, decals, and signage**, surpassing traditional solvent adhesives.

Forward-Thinking Innovation

Nekoosa's pioneering NextBond® UV-cured, durable adhesive meets all critical needs for long-term outdoor print applications like displays, decals, and signage.

Price-Competitive Technology

NextBond® UV-cured, durable adhesive offers solvent-based performance without the associated price.

Tough Outdoor Durability

Performance is equal to or better than solvent-based adhesives.

- Strong NextBond® UV-cured adhesive bonds can last up to 10 years
- Heat and aging resistance, remarkable longevity
- Non-shrinking, excellent dimensional stability
- Non-yellowing, exceptional optical clarity and UV stability
- Non-water whitening, soapy water or dry installation
- Resilient under tough environmental conditions such as humidity, UV radiation, sunlight, moisture, and chemicals

Sustainable Design

- Solvent-free solution – No hazardous waste
- CO₂ emissions cut by over 50% versus solvent adhesives
- Optimized material usage with 100% solids
- Reduced energy usage, no dryers required for manufacturing

Health and Safety

- No VOCs
- Environmentally and socially responsible
- OSHA, EPA, and CARB compliant
- Non-flammable
- Non-toxic

PREMIUM VINYL

Long-Term Outdoor Graphics | OEM Graphics | Transit Graphics

Experience flawless prints with Nekoosa's Premium Vinyl featuring NextBond® durable adhesive. Engineered with an enhanced printing surface, it withstands high heat and prevents visual defects, ensuring perfect prints every time. Rated for 5 years of outdoor durability and reinforced with UV inhibitors, prints won't fade even in harsh conditions. Options available with layflat air-egress liner for an easy, bubble-free application.

OVERLAMINATES

Long-Term Graphics | Point-of-Purchase Displays | Outdoor Graphics

Protect your printed graphics with Nekoosa's Overlaminates with NextBond® durable adhesive. NextBond® applied evenly across the printed graphic, eliminating silvering and preventing delamination. The robust liner ensures a smooth, clear finish without cloudiness and runs seamlessly through the laminator without generating static.

MOUNTING FILMS

Window Graphics | Posters | Decals

Easily convert non-adhesive backed films into durable, long-lasting, pressure sensitive signage with Nekoosa's Mounting Films. The smooth, optically clear polyester (PET) construction guarantees a flawless finish without cloudiness, and it runs effortlessly through laminators without tearing, buckling, wrinkling, or curling.

Easy to apply and remove from these surfaces:

WALL PAPER	WOOD PANELING	POLISHED STONE
COUNTERTOP	STAINLESS STEEL	PAINTED WALLS
SEALED WOOD	VINYL	TILE
SEALED CONCRETE	POROUS SURFACES	LOW SURFACE ENERGY PLASTICS

*We recommend testing NextBond® on your specific application surface to ensure compatibility.
